

# Industrial Equipment Product Offering

Delivering industrial cleaning solutions with unmatched quality and service

*Nilfisk is a leading global provider of professional cleaning products and services ranging from industrial vacuums, floor scrubbers and sweepers and high pressure washers.*

## INDUSTRIAL SWEEPERS

### Advance Terra® 28B

Walk-Behind Sweeper

- 2.1 ft<sup>3</sup> hopper capacity
- 28 inch sweep path
- Maintenance free gel battery
- Onboard battery charger
- Tools-free removable brooms and hopper
- Rugged, corrosion resistant polyethylene hopper
- Superior pick-up on hard and soft floors
- Filter shaker easily combs filter for cleaning

### Advance® SW4000

Rider Sweeper

- 2.6 ft<sup>3</sup> hopper capacity
- 49 inch sweep path
- Battery operated
- Dual side brooms
- High dump debris hopper
- One-Touch™ sweeping controls
- Front-wheeled powered and steered
- Safe, Clear-View™ design
- Optional DustGuard™

### Advance® SW900

Walk-Behind Sweeper

- 2.1 ft<sup>3</sup> hopper capacity
- 41 inch sweep path
- Dual side brooms
- Battery operated with up to 4 hours of run-time
- Onboard battery charger
- Tools-free removable brooms and hopper
- Single-stage high capacity dust control system
- Handlebar adjusts to fit a wide range of users

### Advance® SW8000

Rider Sweepers

- 14 ft<sup>3</sup> hopper capacity
- 65 inch single side broom sweeping path or 77 inch dual side brooms sweeping path
- Kubota® engine
- One-Touch™ sweeping controls
- DustGuard™
- Structural roto-mold hopper with integrated bumper
- Power steering
- Independent ETL safety test and label
- Optional HEPA filter

### Advance® Terra 4300B

Rider Sweeper

- 2.5 ft<sup>3</sup> hopper capacity
- 33 inch sweep path
- Battery operated with onboard charger
- Simple, ergonomic and intuitive operator interface
- 20% gradeability while sweeping
- Ensure operator safety and efficiency with the open front Clear-View™ design
- Exceptional maneuverability and tight turning radius
- Right and left side brooms for improved productivity and versatility
- Tools-free interchangeable filters and brooms for application flexibility and easy maintenance

### Advance® CS7010

Combination Sweeper-Scrubber

- 7 ft<sup>3</sup> hopper capacity
- 61 inch sweeping path
- 48 inch scrubbing path
- Dedicated dry sweep and wet scrubbing for one-pass cleaning
- Disc scrub deck with integrated edge cleaning
- Breakaway squeegee
- Rear wheel steer
- Intuitive controls with One-Touch operation
- Tilt-out recovery tank
- Available in multiple configurations

## PRESSURE WASHERS

### Nilfisk® Professional Pressure Washer MC 5M

Cold Water High Pressure Washer

- 4.5 gpm @ 2300psi, 230v 1ph
- IPX5 rating with UL1776 and CSA safety approvals
- High efficiency motor with auto start/stop
- Compact for storage and transport with foldable handle
- High mobility with large rear wheels and front caster with brake
- Use with up to 140°F inlet water
- Pressure activated unloader system protects pump from no water supply

### Nilfisk® Professional Pressure Washer MH 5M

Hot Water High Pressure Washer

- 3.8gpm @ 3000psi, 230v 1ph
- High output diesel boiler with steam mode for up to 302°F
- 92% efficiency boiler maximizes fuel savings
- IPX5 rating with UL1776 and CSA safety approvals
- Auto start/stop function minimizes power consumption
- Pressure activated unloader system protects pump from no water supply
- Compact & easy to transport
- LCD display with onboard diagnostics
- Dual detergent metering

### Nilfisk® Professional Pressure Washer MH 7P

Hot Water High Pressure Washer

- 5.4gpm @ 3000psi
- 8+ house of use per day
- Dual voltage rated for use with either 230 or 460v 3 phase
- High output diesel boiler with steam mode for up to 302°F
- 92% efficiency boiler and maximizes fuel savings
- IPX5 rating with UL1776 and CSA safety approvals
- Auto start/stop function minimizes power consumption
- Flow activated unloader system for ultimate operator comfort, also protects from no water supply LCD display with onboard diagnostics

## INDUSTRIAL VACUUM SOLUTIONS

### Nilfisk® GM80

Light-Duty Industrial Vacuum

- 3.24 gallon collection capacity
- Lightweight and portable design
- Features multi-stage filtration, including a paper dust bag, main filter, microfilter and HEPA exhaust filter
- Used in both portable and stationary applications
- Motor thermal protection device prevents overheating caused by failure to keep filters clean or by accidental blockage in a nozzle or hose

### Nilfisk® VHC120

Pneumatic Vacuum

- 9.8 gallon collection capacity
- Complete air-operated vacuum solution
- Offers two performance levels for high suction at low air consumption
- Compact and maneuverable design
- Accessory tool tray
- Front facing vacuum gauge
- Available with integrated immersion separator for compliance with NFPA 484

### Nilfisk® T63 Plus

Three-Phase Industrial Vacuum

- 26 gallon collection capacity
- Continuous-duty vacuum for strong performance
- Ideal for the collection of powders, liquids, dust and debris
- Standard with stainless steel collection container
- Multi-stage filtration includes high efficiency main filter and upstream HEPA filter

### Nilfisk® GD 5 Battery

Backpack Vacuum

- 1.32 gallon collection capacity
- Battery operated backpack vacuum solution
- Features upstream HEPA filtration
- User-friendly features such as tool storage and easy to access on/off switch
- 60 minute runtime
- 1,000 full charge cycle battery service life
- 40 minute charge time
- Features two power settings, economy and power boost

### Nilfisk® CTS26

Combustible Dust Vacuum

- 13 or 26 gallon collection capacity
- NRTL-certified for use in Class II, Division 2, Groups F and G environments
- Three-phase, continuous-duty vacuum
- Manual filter shaker
- Manometer
- Designed specifically to meet requirements for NFPA 652
- Certification applies to the entire machine (not just components)

### Nilfisk® 3907/18

Three-Phase Industrial Vacuum

- 46 gallon collection capacity
- Continuous-duty vacuum for strong performance
- Oversized filter area
- 46 gallon collection capacity
- Offers long periods of operation without interrupting production
- Designed for use in heavy, industrial applications

### Nilfisk® S Series

Single-Phase Industrial Vacuums

- 13 or 26 gallon collection capacity
- Offered models include S2, S3 and S3B
- S2 and S3 models feature electronic keypad with LED filter performance monitors
- Manual filter shaker to quickly clean the main filter
- Oversized handle for easy maneuverability
- Accessory tool storage tray
- Optional Longopac® collection system

### Nilfisk® VHS110 EXP

Combustible Dust Vacuum

- 9.8 gallon collection capacity
- CSA-certified for use in Class I, Group D and Class II, Groups E\*, F & G environments
- Features brushless motor
- PullClean filter cleaning technology
- Downstream HEPA filtration
- Variants designed for wet/dry material collection are available
- Available with integrated immersion separator for compliance with NFPA 484

### Nilfisk® Eco-Oil 13 & Eco-Oil 22

Machine Shop Vacuums

- 8 gallon chip collection capacity
- 48 gallon liquid collection capacity
- Large capacity sump pump vacuums
- Ideal for the clean-up of lathes, milling, cutting and grinding machines
- 360 degree pivoting suction hose
- Automatic shut-off for liquids
- Simultaneously extract, recover and recycle coolants and lubricants

**Nilfisk® ATTIX Series**  
Wet/Dry Vacuum

- 5.2-11 gallon collection capacity
- Compact design for easy maneuverability around job sites
- Wet/dry collection capabilities
- Multi-stage filtration
- Optional HEPA filtration
- Auto-start for electric/pneumatic tools
- Built to meet tough industry requirements

**Advance® SC750/800**  
Walk-Behind Scrubber

- SC750 with 21 gallon (80 L) solution and recovery tanks
- SC800 with 25 gallon (95 L) solution and recovery tanks
- Available in 26, 28 and 34 inch disc and 28 and 32 inch cylindrical scrub paths
- Smart Solutions™ available on all models
- EcoFlex™ System available on SC800 models
- Green cleaning and high productivity technology
- Self adjusting skirt on disc machines

**Advance® SC6000**  
Rider Scrubber

- 50 gallon solution and recovery tanks
- Available in 36 inch cylindrical or 34 and 40 inch disc scrub paths
- SmartFlow™ speed proportional water/chemical dispensing
- SmartKey™ technology and integral impact detection
- Off-set deck allows edge cleaning without added complexity or cost
- Fully protected scrub deck
- Tools-free design
- Optional EcoFlex™ System
- Optional DustGuard™ side broom dust suppression system

**Nilfisk® ATTIX 19AE Floodsucker**  
Wet/Dry Vacuum

- 19 gallon collection capacity
- Operates in three modes - vacuum only, pump only or vacuum and pump
- Discharge pump expels water up to 30 feet vertically and 150 feet horizontally
- Leaves behind dry surface
- Accessory storage
- Tool deposit
- Power regulator

**Advance® SC900**  
Walk-Behind Scrubber

- 30 gallon solution tank
- 32 gallon recovery tank
- Available in 28 and 34 inch disc or 32 inch cylindrical scrub paths
- Minimal electronics for increased reliability and lower total cost of ownership
- Control board-free design eliminates costly repairs
- Mechanical scrub and vacuum levers
- Thumb controlled cruise control

**Advance® Adgressor**  
Rider Scrubber

- 42 gallon solution and recovery tanks
- Available in 32, 35 or 38 inch disc or cylindrical scrub paths
- Optional EcoFlex™ System offers sustainability and efficiency
- Safe, Clear-View™ design
- Rugged design with heavy gauge steel chassis and metal bumper
- Easy to clean recovery tank
- Disc or cylindrical brush decks
- Battery watering system standard on EcoFlex™ System models

As one of the world's leading suppliers of professional cleaning equipment, Nilfisk offers an extensive product portfolio of high quality and reliable floor cleaning, industrial vacuums and high pressure washer products. [Click here to learn more.](#)
